CAREER OBJECTIVE

Passionate B.Tech IT student (3rd Year, AKTU) with experience in Python, Flask, AI integration, and cloud deployment. Built and deployed a live AI chatbot project from scratch in 10 days. Currently expanding skills in full-stack development and aspiring to pursue a career in Data Science, Machine Learning, and real-world problem solving.

EDUCATION

B.Tech – Information Technology 2nd Year (Sem 4 – Result Awaited)	2024 – Present
Rajkiya Engineering College (REC) Ambedkar Nagar AKTU University SGPA (Sem 3): 7.8	
12th – UP Board	2023 – 2024 72.8%
Babbu Ram Inter College, Handiya, Prayagraj – 221503	
10th – UP Board	2021 – 2022 76.8%
Nagrik Inter College, Janghai, Jaunpur – 212401	

TECHNICAL SKILLS

Languages: Python, C, JavaScript
Web & Backend: HTML5, CSS3, Python Flask, REST APIs
Database: MongoDB
DSA: Data Structures & Algorithms using C
AI & ML (Learning): Data Science fundamentals, Predictive Analytics, Prompt Engineering (ChatGPT)
DevOps & Tools: Git, GitHub, VS Code (primary IDE), Render (cloud deployment)

INTERNSHIP EXPERIENCE

Python Developer Intern – CodSoft (Remote Internship)	2024
- Completed real-world Python tasks covering OOP, file handling, functions, and logic building. - Built mini-projects as part of structured assignments; delivered all work on time. - Strengthened Python fundamentals in a professional remote-work environment.	

PROJECTS

- **AI Chatbot – Full Stack (Solo Project)** [Live Demo ↗]
Tech Stack: Python | Flask | MongoDB | HTML5 | CSS3 | JavaScript | Render | VS Code
 - Independently designed, developed, and deployed a fully functional AI chatbot — solo project completed in just 10 days.
 - Built RESTful backend using Python Flask; integrated MongoDB for storing conversation history and user sessions.
 - Developed a dynamic, responsive frontend with HTML, CSS, and JavaScript for real-time chat interaction.
 - Integrated AI/LLM API to power intelligent, context-aware responses for end users.
 - Deployed the complete application on Render (cloud platform) — live and accessible globally.
 - Guided by mentor Dr. Shivendu Mishra, Assistant Professor, IT Department, REC Ambedkar Nagar throughout the development and deployment process..
- **HealthLink – AI Healthcare Startup** [AI Summit Presentation]
Role: Deployment Engineer | Team: Anoop Mishra (Lead & Dev), Manish Yadav (Deployment), Ankita Yadav (AI/ML)

- Co-founded HealthLink — an AI-first telemedicine platform bridging the gap between patients and doctors digitally.
- Solely responsible for cloud deployment and hosting of the full platform on scalable cloud infrastructure.
- Platform features: AI chatbot for 24/7 medical guidance, AI-based medical record summarization, and predictive analytics for early disease detection.
- Targeted at rural & semi-urban areas where access to quality healthcare is limited.
- Presented at the AI Innovation Summit organized by Dr. A.P.J. Abdul Kalam Technical University (AKTU).

► **Vulnerable Web App – Cybersecurity Workshop Project** [Live Link ↗]

Tech Stack: HTML | CSS | JavaScript | Vercel | VS Code

Built a deliberately vulnerable web application to demonstrate common cybersecurity flaws (Sem 3 workshop project, mentored by Dr. Shivendu Mishra, Assistant Professor, IT Department, REC Ambedkar Nagar).

Covered real-world vulnerabilities: weak authentication, XSS, and SQL injection entry points.

Deployed on Vercel; entire project built in VS Code under academic curriculum.

HACKATHON

Smart India Hackathon (SIH) – Problem Statement #118: Telemedicine

2024

- Role: Team Leader — led a 6-member team to design and develop a doctor-patient digital connection app.
- Qualified at college level; project planning, coordination, and LinkedIn documentation handled by team leader.
- Gained experience in agile teamwork, sprint planning, and rapid prototyping under deadline pressure.

ACHIEVEMENTS

-
- YouTube Gaming Channel (IndianGammer-01) — organically scaled to 1,00,000+ subscribers; manages full content pipeline: recording, editing, publishing.
 - Vlog Channel (@raoshab362) — 2,800+ subscribers; documents tech exploration and travel experiences.
 - CodSoft Internship Certificate — Python Development, 2024.

HOBBIES & INTERESTS

Exploring new places & travelling • Discovering new technologies & gadgets • Gaming • Content Creation
